FIRE AND STORM.

Harrowing Experience of the Passengers and Crew of Steamer Queen.

FOURTEEN OF THEM PERISHED.

While Off the Mouth of the Columbia River the Unfortunate Vessel Took Fire.

To Add to the Horror the Heavy Seas Running Meant Death to Any Person Sent Away in the Life Boats.

Port Townsend, Wash., Feb. 29.—After suffering the most harrowing experience from fire and storm that has ever befallen a craft on the North Pacific coast, the steamer Queen Sunday put in here to report the loss of 14 lives.

About 3:45 o'clock Saturday morning while off the mouth of the Columbia river, the Queen caught fire in her after saloon in some unexplained way. With indescribable swiftness the fire gained headway and threatened soon to envelop the whole ship.

To add to the horror the heavy seas running meant death to any sent away in the life boats. The flames became more and more threatening until, when it seemed a choice of deaths, Capt. Cousins ordered the lifeboats launched. They were manned by the crew and ordered to remain close to the ship. Into the sea the women and children were placed. Hardly, however, had the boats been cast loose than, unable to weather the fierce waves, two of them capsized.

The passengers and those of the crew who remained on board continued their fight against the flames with increasing success until, at 7:40 a. m., the fire was brought under control. When it was thought the danger from fire was past, Capt. Cousins recalled the lifeboats and the occupants were taken aboard.

The Queen was headed for the mouth of the Columbia river and about 9 o'clock the steamer Santa Monica was sighted. The Queen signalled and asked her to stand by until temporary repairs could be made. When everything had been made safe the Queen continued on to the mouth of the Columbia, only to find the bar was too rough to cross in. The distressed craft was pointed toward Puget Sound, but bad fortune still pursued and when she rounded Cape Flattery she encountered a terrific electrical storm. With difficulty she weathered the gale and arrived about midnight.

EXHIBIT SHIPMENTS.

They Are In Excess of Those at the Chicago Fair at a Similar Period.

St. Louis, Feb. 29.—That the exhibit shipments at the World's fair are in excess of those at the Chicago exposition at a similar period before the opening is conclusively shown by a statement prepared by Chief Clerk J. E. Reagan, of the traffic bureau. According to a table he has prepared, the shipments of exhibits at the Chicago fair up to March 1 preceding the opening reached a total of 364 cars. The total shipments of exhibits at the St. Louis fair to and including February 27 aggregate 490 cars, or an excess of 126 cars.

Madison, Wis., Feb. 29.—The Wisconsin state capitol building was practically destroyed by fire, with a loss estimated at \$800,000. The state carries only partial insurance, being in the process of changing from insurance companies to a system of state insurance.

EXPOSITION ECHOES.

The demands for space at the St. Louis exposition received from patent breakfast food companies alone are sufficient to fill the Agricultural building.

Among the specimens of Philippine art to be shown at the St. Louis world's fair are the pictures entitled "Lawton's Death," by Fabian de la Rosa; "A Rival Rural Idyl," Ramon Martinez; "The Ceremony of the Incision of the Katipunan," by Anselmo Espiritu; "The Arrival of the Fishing Boat," Vicente Rivera y Mir.

A convention of American press humorists will be held in St. Louis the week beginning May 29. They will attend a banquet June 3, on which occasion there will be a good deal of oratory. The programme, which already has been practically arranged, says that among the speakers will be Eugene F. Ware, "one of the things that are the matter with Kansas;" Rev. Robert J. Burdette, "perpetual parson and pastor emeritus of the American humorists," and Eli Perkins, "celebrated as two of the biggest liars in America." A pilgrimage will be made to Hannibal, the early home of Mark Twain.

MISSING FOR SEVERAL DAYS.

The Friends and Relatives of Guy M. Deane Are Uneasy.

Owensboro, Ky., Feb. 29.—Guy M. Deane, of this city, one of the most prominent young business men and coal operators of the south, has been missing since February 19. His family and friends know absolutely nothing concerning his whereabouts. Foul play is suspected but developments only lend to the mystery. Deane was supposed to have left Jackson, Miss., for Owensboro on Thursday, February 18. Until Sunday no definite clew as to his past whereabouts was obtained. It was claimed Sunday that Deane was seen in Owensboro Friday night, February 19, at the home of Mrs. W. G. Hardwick, a widow, a distant relative of the missing man. Mrs. Hardwick says he only remained at her house a few minutes, and came merely for a social call, but while there seemed to be excited. Two people claim they saw Deane going toward the station the next morning. Since that time there has not been the slightest clew to his whereabouts. He was connected with several of the best-known business concerns in the state. He was married to Sue Griffith, one of the best-known young women of the south.

A FARMER'S REVENGE.

Killed the Two Men Who Were Taking His Corn.

Lexington, Ky., Feb. 29.—Ruff Sharp, 28, a young farmer, shot and killed Gret Hopper, a white man, and Ed Waite, colored, near Athens, this county. A few nights ago some corn was stolen from Sharp's farm. He located it on an adjoining farm and has maintained a secret watch on it ever since. Just before 8 o'clock Hopper and Waite came along and entered the field. Sharp saw them and, waiting until they came out with the corn in their possession, he shot and killed both. After the killing he drove to the city and surrendered to Capt. Jenkins and Lieut. Overlin, of the local police force. He was placed in jail and will undergo examination Monday. Sharp is well thought of in the community. He is married and has a family.

WIDOW OF ASSASSIN'S VICTIM.

Mrs. Marcum Sues the Hargises, Callahan and French For Damages.

Winchester, Ky., Feb. 29.—Suit was filed in the circuit court by Mrs. Aurelia Marcum for herself and six minor children for \$100,000 damages against Senator Alex Hargis, Judge James Hargis and Sheriff Ed Callahan, of Breathitt county, and Attorney B. F. French, of this city.

The plaintiffs are the widow and children of James B. Marcum, who was assassinated at Jackson last May, and for whose murder Curt Jett and Tom White were convicted.

The petition charges that the defendants conspired with Jett and White to murder Marcum, and that the murder resulted from this conspiracy. The defendants are all wealthy.

SUICIDED ON WIFE'S GRAVE.

George T. Cook Took His Life in Cave Hill Cemetery.

Louisville, Ky., Feb. 29.—Lying beside the grave of his wife, which he had invariably visited, rain or shine, three times a week since her death eight years ago, the body of George T. Cook, a retired contractor, was found in Cave Hill cemetery Sunday. Death had been caused by a bullet wound in the right temple and the dead hand still clutched a revolver, one chamber of which was empty. Cook was 55 years old and grieved constantly since his wife's death.

Kentucky-Tennessee Oil Field.

Lexington, Ky., Feb. 29.—Little of consequence was accomplished in the oil fields of Kentucky and Tennessee last week. The usual falling on in activity toward the last of the month was evident during this month, as there were but ten completions.

Arrested the Minister.

London, Ky., Feb. 29.—A sensation was caused here by the arrest of Rev. Hickey, a sanctification minister who came here to evangelize the mountain. The charge against Hickey is adultery, his name being connected with that of a prominent young woman.

Killed By Wife's Father, It Is Alleged.

Burkesville, Ky., Feb. 29.—At Peytonburg, this county, Adam Coop and his son, it is alleged, killed James Roach, who was a son-in-law of Coop. His body was literally riddled with bullets. It appears that Roach had been mistreating his wife.

Vladivostok Blockaded.

London, Feb. 29.—Vladivostok has been blockaded by a Japanese fleet since Thursday, according to a Daily Mail dispatch from Hakodate, which adds that in-coming steamers report Russian cruisers on the east coast of Kinkwasan.

RUSSIAN CAVALRY

They Have Crossed the Yalu River and Heavy Land Fighting is Expected.

JAPS BEATEN IN A FEW SKIRMISHES

The Russians Are Taking Up a Strong Position in Northern Corea to Check Japanese Advance.

Chinese Are Hurrying Large Bodies of Troops to the Northeastern Frontier of Pe-Chi-Li, to the Rear of Russian Position.

St. Petersburg, Feb. 29.—The official announcement by Maj. Gen. Pflug, chief of staff to Viceroy Alexieff, that Russian cavalry had crossed the Yalu river, is expected to be followed shortly by news of rather heavy land fighting, as according to seemingly trustworthy reports Gen. Jenevitch has sent a whole corps of infantry to support the Cossacks, who have penetrated to a point below Anju, and who are reported to have beaten the Japanese in several skirmishes. Nevertheless, if this movement in force is progressing, it must not be assumed that the Russians have taken the offensive, but rather that they are taking up a strong position in Northern Corea in order to check the advance of the formidable army of Japanese landing on both shores of Corea while the concentration of Russian troops behind the Yalu is being completed. This concentration is making better progress than is generally believed abroad.

The movement of troops eastward over the Trans-Siberian railroad will be greatly accelerated henceforth, as telegraphic reports say that the ice railroad over Balkel was completed Sunday. Up to this time the tracks have been used as far as laid, the soldiers marching from the terminus of the line to the other shore.

Maj. Gen. Pflug's report that Gen. Ma's army is west of the Liao river agrees with the statement of the special correspondent of the Russ at Tien-Tsin that the Chinese war minister is hurrying large bodies of troops to the northeastern frontier of Pe-Chi-Li. This report says the troops are not going by rail but are marching by night.

The military situation will be greatly complicated if Gen. Ma's army is really moving to the rear of the Russian position with the intention of making common cause with the Japanese, as it will expose both Russian flanks to attack.

The blockade of Port Arthur continues. The Russians seem resigned for the present not to expect to accomplish much by sea, realizing that the Port Arthur fleet is overmatched in both ships and guns; but they hint that things may be different in the spring if the Balkan sea fleet gets out and effects a junction with that at Port Arthur.

Serious consideration also is being given as to the feasibility of spending about \$5,000,000 on torpedo boat destroyers to be sent in sections to Vladivostok and Port Arthur.

Tokio, Feb. 29.—Corean soldiers on the Ham Gygien frontier have been attacked and dispersed by Russian troops.

JAPANESE SUPPRESS NEWS.

Endeavors Made to Keep Definite Information From the Public.

Che Foo, Feb. 29.—While the Japanese report that their fleet is still concentrated in the neighborhood of Port Arthur, yet endeavors are being made to prevent definite information from becoming public. The survivors of the sunken transports who were landed Saturday were not allowed to see anybody and they will be sent home. The Japanese fleet originally consisted of 16 warships, but two battleships and a dispatch boat are now missing from that number and from two sources it has been learned that two Japanese warships returned to Sasebo in a disabled condition. It is being circulated among Chinese that Port Arthur has fallen.

THE JAPANESE RETREATED.

Russian Cavalry Advance Guard Had An Encounter With Japs.

St. Petersburg, Feb. 29.—A dispatch received here from Liao Yang and dated February 28, says that Chinese on the Yalu river report that an advance guard of Russian cavalry which has penetrated Corea for a distance of about 200 versts across the river had an encounter with a detachment of Japanese and that the Japanese were compelled to retreat, and fled, leaving their horses, which were seized by Cossacks. Gen. Linevitch dispatched cavalry and a body of infantry in pursuit.

suit and with an order to occupy Northern Corea.

The Russians Retired.

Seoul, Feb. 29.—Details of a skirmish at Ping Yang show that 50 Russian cavalrymen approached the north gate of the Japanese camp and fired at 1,000 metres. A sharp fusillade took place and the Russians retired. All foreigners are safe.

A MAP OF THE WORLD.

It Was Installed in the Office of Secretary Cortelyou.

Washington, Feb. 29.—A commercial map of the world 16 feet long and 7½ feet wide, prepared in the coast and geodetic survey under the immediate supervision of E. H. Fowler, chief draftsman, has been installed in the office of Secretary Cortelyou, of the department of commerce and labor. The location of the continents is different from that shown on any other map or atlas heretofore published. The American continents occupy the center, thereby permitting the entire Pacific ocean and the trans-Pacific steamship and cable routes to the Philippines and Hong-Kong to be shown without a break in the center of the Pacific, as always has been the case heretofore. The eastern route via the Suez canal to the Philippines also is continuously shown. Cities having a population of between 100,000 and 400,000 are indicated in a distinctive manner. Throughout the whole map all places of international interest or importance are shown, submarine cables are given, colonial possessions are indicated by the same coloring as that of mother countries, political boundaries are defined as accurately and much other valuable information given with clearness and brevity.

SPECIAL JOINT CONFERENCE.

The Operators and Coal Miners Will Meet in Indianapolis Monday.

Indianapolis, Ind., Feb. 29.—In special joint conference Monday morning the operators and coal miners, representing the central competitive district, will renew their efforts to effect an amicable settlement of the wage scale for the ensuing year. In addition to the 556 miners' delegates who were present at the last conference, there will be present a delegation of 200 from the anthracite regions of Pennsylvania and from the West Virginia, Iowa, Michigan and Kentucky fields.

Vice President Lewis, of the mine workers, Sunday night said: "No man knows the outcome. I do not believe the miners will be willing to accept a reduction."

H. L. Chapman, one of the leaders of the Ohio operators, said Sunday night:

"I don't know how the Indiana and Illinois people feel by this time, but the Ohio and Pennsylvania operators have not changed in their feeling that a reduction will have to come."

LIMIT OF THE LAW.

Two Years in Prison and \$10,000 Fine Given the Conspirators.

Washington, Feb. 29.—Two years in the Moundsville penitentiary in West Virginia, and each to pay a fine of \$10,000, was handed out to A. W. Machen, Diller B. Groff and George E. Lorenz, the postal conspirators, by Judge Pritchard. The judge being, as he openly avowed, in sympathy with the justice of the verdict, refused a new trial and refused a suspension of sentence. In the case of Samuel A. Groff, whom the government officers asked the jury to acquit, but who was nevertheless convicted, a suspension of sentence for four days was granted to pave the way for an argument for a new trial.

If the verdict was unexpected by the men adjudged guilty, the rapidity of the judge in accelerating their way to the penitentiary was astounding. It simply crushed all of them. It is needless to add the officials of the government feel elated over their victory and they will now push the other cases rapidly.

JOHN ALEXANDER DOWIE.

His Meeting in Melbourne Broken Up By a Crowd.

Melbourne, Feb. 29.—John Alexander Dowie's meeting Sunday afternoon in the Exhibition building was broken up by the crowd shouting and singing comic songs. He was obliged to abandon the evening meeting and was himself chased around the city by the rougher element, the mob yelling challenges to him to justify himself as a prophet. Public antagonism is so strong that Dowie has been refused rooms at a fashionable hotel.

Boiler Making on a Strike.

San Francisco, Feb. 29.—The boiler makers on the entire Pacific coast system of the Southern Pacific railroad have gone on strike as a result of the long standing controversy regarding general advances in wages all along the line.

RUSHING THE WORK

It is Evident That Both Houses of Congress Are Preparing For Early Adjournment.

THE APPROPRIATION MEASURES.

Both the Army and Naval Bills Will Be Reported to the Senate During the Week.

The Remaining Supply Measures Will Be Given Precedence Over Other Matters in Both Branches of the National Congress.

Washington, Feb. 29.—It is expected that both the naval and army appropriation bills will be reported to the senate during the present week, and it is intended to take them up for consideration as soon as possible regardless of all other legislation, and henceforth to give the supply bills right of way to the exclusion of all other matters. The army appropriation bill has been under consideration by a subcommittee of the military committee for some time and will be taken up early in the week. The prospect, however, is that the naval bill will be the first to secure consideration by the senate. Both measures will meet opposition, and probably will be debated at length.

It is not expected that the confirmation of Gen. Wood will be considered during the week, owing to the absence of Senators Foraker and Blackburn, both of the committee on military affairs and both interested in the case though on opposite sides. It is the general expectation that the case will receive attention next week.

The committee on privileges and elections will begin its investigation into the Smoot case on Tuesday, and it is also expected that the special committee appointed to inquire into the charges against Senator Dietrich will proceed with its work during the week.

The first week in March finds the house with a very small proportion of the big supply measures awaiting its action. The naval was the eighth of the general appropriation bills that have been disposed of at this session. The remaining supply bills will be given precedence over other measures, as it is the desire of the leaders to clear up all the regular business of the house as early as possible. The District of Columbia appropriation bill will be taken up next and then will follow the Indian appropriation bill. The time allotted for general debate on these bills will give ample opportunity for political discussions.

With these two bills out of the way the post office appropriation will be placed before the house, consideration of which will consume some time. In the meantime the appropriation committee will perfect the sundry civil bill now in an advanced state of preparedness for this time of the session, in order that it may be taken up at the earliest practicable moment.

New Stables For the White House.

Washington, Feb. 29.—"A number of the president's horses practically have been ruined by being kept in the old stables, which are damp and unhealthy." This is the reason given by Secretary Taft for requesting an appropriation of \$90,000 for new stables for the white house.

THE TOBACCO MARKET.

Review of Business on the Breaks at Cincinnati the Past Week.

The burley leaf market for the week closed with light offerings. The strong and active market which set in on Wednesday for old tobacco continued, especially for good red fillers and good colory lugs. The low grades of the new crop under \$6 proved a disappointment to shippers, and some uneasiness was also apparent on medium grades around \$3.50@40. Fine leaf was scarce.

Transactions for the week and year to date in the Cincinnati market are as follows: Offerings of old for the week 1,042 bbls., for the year 3,537; total for the week 1,615; for the year 6,615; rejections for the week 191, for the year 1,195; actual sales for the week 1,424, for the year 5,456; receipts for the week 533, for the year 3,739.

The new tobacco offered averaged \$7.58 per hundred; old tobacco \$5.67. Rejections showed a satisfactory decrease, being a fraction under 12 per cent. The market throughout the week was unusually strong and active on all types of old tobacco, averaging from one to three bids higher than last week. Fine and medium grades of new crop also showed a slight advance, although they did not equal the better figures on corresponding types of the old. Low grades of new were the only weak spots.

THINK OF YOUR TEETH!

Don't wait until a dental bill reminds you of neglect. A clean tooth might wear out; it cannot decay. Many who look after their teeth constantly fail in the selection of a proper brush. A brush to cleanse perfectly must have genuine bristles, just stiff enough, long enough and so trimmed as to reach every nook and cranny. We pride ourselves on our line of tooth brushes. They are honest, practical ones. We look out for the little points that mean much in tooth saving. We don't recommend the cheaper brushes, but for 25c. we can furnish the kind that will endure and that will do what they should while they last.
 Our 35c. and 50c. brushes we guarantee to give satisfaction or money back.

In affirming the above case, taken up from Fleming County, the Court of Appeals says:

Lands—Title—In an action by appellant to recover a house and lot, where a deed had been made to her father, now deceased, by one who at the request of the father paid the balance of purchase money, where the deed had been made without her knowledge, and where an amount about equal to the value of the lot charged to her by her father's will, it was error in the trial court to fail to adjudge that she was the owner, and a statement by her to her mother upon her father's death, when the mother was bewailing her distressed financial condition. "Mother, don't grieve so; you have a home at Elizaville. If they sell you out, come live there, and I'll rent a house," was not a disclaimer of her ownership in the house and lot.

Never before in the history of our business have we been so successful in reducing, in fact almost closing out our winter clothing. Our past four weeks reduced price sales left us the smallest kind of margin profits. To close out the last Suit and Overcoat we have left, these profits, and losses on top of them will be sacrificed in a sale beginning Wednesday morning, February 24th, and ending March 5th, that will be an epoch in Maysville's clothing business.

All of our Stein-Bloch, L. Adler Bros, and Garson-Meyer & Co. Suit and Overcoats are included in these slaughter offerings. Read the reductions: All of our \$8.50 and \$10 Suits and Overcoats go at \$6.50. All of our \$12, \$15 and \$16.50 Suits and Overcoats go at \$10. All of our \$18.50, \$20 and \$22.50 Suits and Overcoats go at \$15. ALL OF THESE ROCHESTER MADE. A JURY OF WOMEN.

They Refused to Separate a Mother and Her Child.

Chicago, Feb. 29.—The verdict of the only jury of women ever impaneled in Cook county has been reversed.

Mrs. Anna McGann and her eight-year-old daughter Mary have been separated after being found in squalor at 322 Aberdeen street.

When the case was brought to the attention of Judge Lockwood Honore, the pathos of the circumstances led him to call Miss Minnie Jacobs, Mrs. E. Maher, Mrs. Emma Quintan, Mrs. Elizabeth Perry and two other women to sit as a jury in the litigation. Despite the contention of the state that the aged woman was without means or support, the feminine jury refused to send her to a public institution, declaring in the formal verdict that a separation from her child would break the aged mother's heart. Now the case has been reversed by Judge Tuthill.

VICTIM OF A JOINT HOAX.

Alleged Gift of Carnegie to the Town of Kilmarnock.

London, Feb. 29.—Andrew Carnegie, the town of Kilmarnock and the memory of Robert Burns have been made the joint victims of a hoax. Recently the town council of Kilmarnock, which was Robbie's birthplace, received a letter purporting to come from Hew Morrison, the Edinburgh librarian, who is Mr. Carnegie's adviser in his library donations. On reading the letter the worthy aldermen and councillors could hardly believe in their luck, and con-

gratulated themselves on the future glory which was to be Kilmarnock's.

In florid language the letter set forth the intention of the great benefactor to commemorate the town's connection with Scotland's great poet by erecting a stately temple to his everlasting glory. On this magnificent scheme Mr. Carnegie was alleged to be prepared to spend \$2,500,000.

Mme. Adelina Patti Will Not Sing in Chicago.

While this is the formal reason advanced, it is generally understood that the real cause of the singer's sudden change of plan is the result of an unsatisfactory advance sale of seats.
